Thank you for your interest in Best Friends Forever Pet Portraits.

I will need a clear (well lit and close up) photo of the pet. Ideally, I like to discuss the painting on the phone before I start. Please understand that my work is all done by hand. I take every effort to do the best I can to honor your pet and interpret the image through artistic expression.

Depending on my schedule, an 8" X 10" painting typically takes two to three weeks to complete. Timing also depends on the complexity of the image. I work with oil paints that are slow drying. All my work is unframed unless otherwise directed. Mailing costs are extra.

When I am ready to start your project, I will require a \$100.00 deposit for smaller work. The amount of the deposit may increase depending on the size of the picture and materials required. I will require final payment before sending out the painting.

This policy will serve as our written agreement. If you would like to proceed, please print this form, sign it, add your deposit and mail it to the above address.

I hope you enjoy your painting.

Thank you,

Tish Siegel

I, _____, agree to the terms of this contract.
